

Containers

Custom equipped containers for your short-term space needs

Applications

Our specially equipped containers are ideal for creating temporary offices, sleeping quarters, dressing rooms, lockable storage facilities, gate houses, and ticket booths.

Features

We offer a variety of sizes and configurations to meet our customers' needs, from double-wide models for offices and dressing rooms, to multi-level complexes for construction sites and exhibitions. We also offer storage containers in lengths ranging from three meters (10 ft approx.) to 12 meters (39 ft approx.), as well as a number of ticket booth and gate house designs. In addition, a variety of door and window configurations are available. All containers are lockable and equipped with power hook ups, electric heaters, and air conditioners.

Optional Extras

Upon request, we offer delivery, as well as installation and pick up. We can also supply furniture, carpeting, and decor.

Containers
