

Temporary Fencing

A quick, easy-to-install fencing solution

Material	galvanized steel	
Dimensions	fence panel: width: 3.50 m (138 in) height: 2.00 m (79 in) or 1.20 m (47 in)	fence footing: length: 0.72 m (28 in) width: 0.23 m (9 in) height: 0.16 m (6 in)
Weight	fence panel: 24.00 kg (53 lbs) (2.00 m/79 in), 12.00 kg (26 lbs) (1.20 m/47 in)	fence footing: approx. 28.00 kg (62 lbs) (recycling), approx. 35.00 kg (77 lbs) (concrete)
Accessories	connection bolts, fence clamps, safety clamps, storm braces, gate wheels, anti-lift protection, footplates, fence covers, mobile-fence lighting, emergency-exit banners, cable ties, and rubber straps	
Transport	approx. 812.00 m (2,664 ft) overall length, eight transport racks per standard trailer (29 fence panels per rack)	

Applications

Our flexible mobile fencing system is ideal for temporarily securing almost any area, be it a storage yard, a construction site, or a live event.

Features

All fences are made of galvanized steel panels that link together using sturdy clamps. For added security, we offer specialized locks that prevent fences from being lifted, as well as heavy-duty bases and storm braces. Standard panels measure 3.50 m (11 ft 6 in) wide by 2.00 m (6 ft 7 in) high, though other sizes are available in limited quantities. Specialty sizes can also be manufactured upon request.

Optional Extras

We offer delivery and pick up as well as installation and breakdown. Custom-printed vinyl advertising banners are available upon request, as are standard pre-made covers in black or white to shield fenced-in areas from public view. For areas where additional privacy is needed, such as backstage or restroom facilities, we offer special 1.20 m (3 ft 11 ¼ in) panels that can be mounted on top of regular fences for additional visual protection. Rolling gates and large-scale exit banners are also available for entrances and emergency exits.

Temporary Fencing

On-site applications

Flowerbeds surrounded by eps fencing, Rheinkultur Festival, Bonn, Germany

Fencing along the perimeter of the Chiemsee Reggae Summer Festival, Uebersee, Germany

Fences with custom-printed advertising banners, Olympic Stadium, Munich, Germany

A custom-made fencing element at FIFA WM 2006

An elevated fence with banners shielding a backstage area from public view
